

KERRAH
SIMMENTALS
PROFIT-A-BULL EXCELLENCE

In conjunction with **bidr**[®]

1st Inaugural Female Sale

Tuesday 11th April 2023 - 1pm

Tangiwai Station, 1350 Hereheretau Road, Wairoa

ATTENTION:

Due to Cyclone Gabriel, it is highly unlikely the road between Wairoa and Napier will be open. Either come through Lake Waikaremoana, unsealed and scenic, or State highway 2 via Opotiki - Gisborne - Wairoa

KERRAH
SIMMENTALS

PROFIT-A-BULL EXCELLENCE

1st Inaugural Female Sale

Tuesday 11th April 2023 - 1pm

Compromising of:

91 VIC Cows and Heifers

14 Autumn Cows with Calves at Foot

10 Open R2 Heifers

All intending purchasers must register at the PGG Wrightson Ltd Livestock (PGW) sales office prior to the sale. A purchasing rebate of 6% will then be paid to non-participating livestock companies and recognised independent livestock agents with approved credit facilities introducing and/or accompanying buyers to sale. Arrangements must be made prior to the sale and settlement made on the purchaser's behalf within 14 days.

Dear

Due to sale of 350 HA we are offering the opportunity to purchase genuine hill country bred and fully recorded Simmental cows and heifers vic to some of the very best Simmental bulls in the country. All cows were scanned on the 6th and 7th of March by Farm Vets and heifers on 13th Feb. I have adjusted the heifers weeks in calf to match the cows for catalogue purposes. All cows are annually vaccinated for Lepto, BVD and 10n1 and are from a C10 herd. Bulls were depastured November 29th to January 20th.

Autumn calved cow's calves, will be registered by sale day and sold as a pair with their dam.

We trust these cows will shift well and offer a great opportunity and selection for those wanting to start or add to their Simmental herd.

Due to Cyclone Gabriel we still do not have our landline operating and cell phone coverage is patchy so Facebook or email is best to contact at the moment.

We will endeavour to coordinate trucking though Tim Coombes transport but please leave contact details of firm you use most often as well.

All sires used have been DNA verified so registration of calves with Simmental NZ should be seamless.

Cows will be available for viewing from 9am on sale day. A light lunch and refreshments will be provided before and after the sale.

Regards Jon and the Knauf family

TERMS AND CONDITIONS

The New Zealand Stock & Station Agent's Association Conditions of Sale apply. These terms can be inspected at the registration desk and on the wall in the auction room.

PGW's Monthly Account Terms of Trade also apply to the extent deemed relevant by PGW. The current versions of PGW's Monthly Account Terms of Trade are also available online at: www.pggwrightson.co.nz/Our-Company/Terms-and-Conditions or in hardcopy on request.

EBV's EXPLAINED

BREEDPLAN EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT NEW ZEALAND SIMMENTAL SIRE

A BREEDPLAN Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Identify the New Zealand Simmental selection index of most relevance to you.
2. Rank animals using the chosen selection index.
3. Consider the individual EBVs of importance.
4. Consider other traits of importance (e.g. visual assessment).

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online at the Simmental NZ website: www.simmental.co.nz or at Pivot Design: www.pivotdesign.co.nz/catalogues

NEW ZEALAND SIMMENTAL BREEDPLAN

The Simmental Cattle Breeders' Society of New Zealand publishes the following BREEDPLAN EBVs and Selection Indexes. Please note that only EBVs from the same BREEDPLAN analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Maternal
200 Day Growth	Days to Calving	Eye Muscle Area		Terminal
400 Day Growth	Gestation Length	Rib Fat		<i>Scan below for more detail</i>
600 Day Growth	Calving Ease Direct	Rump Fat		
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding BREEDPLAN EBVs** booklet. Scan the QR code for more details.

<https://breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf>

Selection Indexes detail can also be found at:

<https://breedplan.une.edu.au/media/hhbbpoxq/using-new-zealand-simmental-selection-indexes.pdf>
